Description

A service steeped in history...In 1834, the Trianon crystal glasses from the Saint-Louis crystal factory inaugurated the era of glass services, a model of refinement. Diamond cut, flat ribs and translucent sighs iridescent the light in a symphony. It is no coincidence that in the 1960s, this service adorned the tables of the Elysée under the presidency of General de Gaulle. Having become a reference of the St-Louis factory, this service continues to be produced today. Present in most old and recent catalogues. 18 water glasses 14cm 18 red wine glasses 12cm 18 white wine glasses 10.5cm delivery possible throughout France, contact me.
