War Club - Vanuatu / Mélanésie

750 EUR

Period : 20th century

Condition : Très bon état

Length : 75cm

Description

Vanuatu is a country in the South Pacific, more precisely in Melanesia. This region is recognized for its great wealth in its craft and artistic productions. We will then see different types of ceremonial or war clubs. We will then notice the beautiful patina of use that runs through this wood darkened by time and its uses. The singular shape of the extremity of this weapon is typical of the war maces with the warhead of this region of the Pacific
