Description

French school circa 1920: "Bords de mer", pair of gouache watercolors on very thin paper mounted on cardboard 32 Well, don't dream: I took them apart to check if there was any signature or indication under the marie-louise and, unfortunately, there is nothing... I took the opportunity to clean the glasses and they then found a shine that we could certainly guess under the dust, but which made them opaque and now, what verve, what virtuosity in these post-impressionist seascapes! Worth further research. Do not hesitate to ask us for photos or additional information by email or telephone.
