Description

Immerse yourself in retro elegance with this pair of Brazilian armchairs, a masterpiece created by Liceu Artes e Ofícios in the 1960s. Made from noble wood, these armchairs embody the craftsmanship and distinctive aesthetic of the 'era. These armchairs carry with them a timeless elegance, with curved lines and eye-catching details that reflect the distinctive style of Brazilian design from the 60s. The noble wood brings a touch of warmth and authenticity, creating a perfect marriage of form and function . Place these chairs in your living room, office, or favorite space to add a touch of vintage charm. The work of Liceu Artes e Ofícios represents artisanal excellence and bears witness to the golden age of Brazilian design. An investment that combines comfort and timeless style. restored
