# Carnelian And Jade Necklace From Excavation, Late 19th Century Burma

320 EUR

Period : 19th century

Condition : Très bon état

Material : Semi precious stone

Length : 80 cm

## Description

Necklace in carnelian and veined jade from the late 19th century, Shan province, Burma. The necklace was reassembled identically on a steel cable because it was too fragile. Collected by me directly in Burma in 1989. Length 80 cm
