Description

Pair of wrought-iron garden chairs - 19th-century-style craftsmanship A beautiful pair of wrought-iron garden chairs, featuring an elegant patinated metal frame and an openwork geometric design.The straight backrests and seats are formed by interwoven flat metal strips creating a lovely grid pattern.The backrest posts are topped with small brass balls, adding a refined decorative touch.The flat armrests rest on slender metal posts, while the legs feature an elegant curved design composed of large, interlacing curves.The set has a beautiful dark brown patina, preserving the charm of antique metal.These armchairs will naturally find their place in a garden, on a patio, under a veranda, or in a home with character.Period: to be determined; crafted in the style of antique garden chairs.Material:
