Description

An elegant bronze sculpture depicting a young nude woman standing in a graceful and delicately animated pose. Her long, wavy hair falls down her back, while her outstretched arm accompanies a subtle movement of her hand. The sculpture rests on a circular pedestal with a molded base. It features a beautiful brown patina with golden-brown highlights, characteristic of decorative sculpture from the late 19th and early 20th centuries.The sculpture rests on an elegant circular pedestal with a curved profile, which contributes to the figure's slender appearance.Period: Late 19th - early 20th centuryMaterials: Bronze with a nuanced brown patinaSubject: Female nudeHeight: 29.5 cm
