Vintage Ring In 750-thousandths Gold With A Green Tsavorite

900 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Description

Let yourself be captivated by this stunning 750-th (18-karat) yellow gold ring, enhanced by a magnificent natural tsavorite with a luminous green hue. Its rectangular, faceted stone beautifully captures the light and reveals the full intensity of its brilliance, while its delicately crafted setting adds charm and character to the entire piece.Tsavorite, a rare and precious variety of garnet, is particularly sought after for its vibrant green color and exceptional brilliance. Paired with 18-karat gold, it gives this ring a refined style that is both elegant and timeless.This one-of-a-kind piece will appeal to lovers of vintage jewelry and exceptional colored gemstones.Specifications:Metal: 750-th yellow gold (18 karat)Stone: Natural tsavoriteStone color: Luminous greenStone cut: Rectangular
