Material : Bronze

Width : pendule : 47 cm

Height : candélabres : 68cm , pendule : 57 cm

Description

A rare and monumental clock and candelabra in white marble and gilt and patinated bronze, decorated with Turenne in battle, steel gloves, lances, shields, and cannonballs. This set, dating from around 1855, is very richly decorated with friezes of foliage and bouquets of arms, characteristic of the circle of François Théodore Gechter. In very good overall condition, with a complete mechanism, I cannot guarantee its working order.
