Description

Émile Gallé Vase - Maple Leaf DesignAn elegant multilayered glass vase signed by Émile Gallé, featuring a beautiful baluster shape resting on a small circular pedestal, with a tapered neck and a flared opening. It is adorned with a remarkable naturalistic design of maple leaves with finely engraved outlines, arranged across the entire body and accompanied by their twigs.The design stands out for its amber and golden-brown tones, contrasting with a soft, luminous green glass background that gradually lightens toward the neck. The relief engraving delicately highlights the veins and characteristic contours of the leaves, creating beautiful depth and a subtle play of transparency.
