Description

Beautiful canvas by Paul Girol depicting the SCeux qui olidor tower in Saint-Malo. The canvas is signed in the lower left and also on the right. It is also titled and countersigned on the back. Paul Girol is a very well-documented artist, and I invite you to consult Wikipedia where a very important chapter is dedicated to him. I have also included a photo of the text found in the Bénézit, a dictionary of painters, draftsmen, sculptors, and engravers. Those familiar with this place and, more generally, this region, will recognize the local light and colors. Dimensions of the canvas alone: 64 cm x 53 cm. It is presented in an early 20th-century frame; overall dimensions: 80.5 cm x 66.5 cm. A few minor, barely visible losses; good overall condition.
