Description

The Timeless Elegance of Emilian CraftsmanshipFirst and foremost, admiring this extraordinary pair of console tables made of solid Emilian walnut, dating from the first half of the 19th century, means immersing oneself in the great Italian tradition of cabinetmaking. Moreover, their rare beauty immediately catches the eye, as the walnut veneered tops are finely edged with end grain, creating a refined textural contrast. Next, the eye glides along the panel concealing a practical drawer--an element that combines aesthetics and functionality. Similarly, these pieces are connected to the base by elegant, fluted, curved supports, which lend the entire structure a sense of grace and harmony. Finally, they rest on a visually striking, multi-curved veneered base.Superior Quality and Authentic
