Wood And Black Leather Fireplace Bellows With Metal Nozzle, Modernist Work, 1950s

350 EUR

Period : 20th century

Condition : Bon état

Material : Leather

Width : 35.5

Depth : 14

Description

Here is a piece that charms with the nobility of its materials. Fireplace bellows with a wooden body sheathed in black leather underlined by a row of studs, extended by a brass metal nozzle. The sobriety of the materials and the elegance of the line move it away from the traditional bellows towards a more design spirit. 1950s work. A decorative and functional piece for a well-kept fireside.
