Depth : 27.5

Description

Here is a decorative piece in its own right, as much as an elegant guard for the hearth. Three-panel steel fire screen, the uprights crowned with polished brass balls and enclosing a mesh panel. The spherical brass finials bring a decorative rhythm to the sober line of the steel frame. French work of the 1950s. Before a hearth, firelight brings it to life and reveals its full design: a piece both protective and resolutely decorative.
