Width : 65

Height : 50

Depth : 26.5

Description

Here is a decorative piece in its own right, as much as an elegant guard for the hearth. Three-panel folding fire screen, the steel frame enclosing a mesh panel, the side wings folding to fit the fireplace opening. A classic, protective model. French work of the 1950s. Before a hearth, firelight brings it to life and reveals its full design: a piece both protective and resolutely decorative.
