Three-panel Brass And Mesh Fire Screen, Shaped Form, 1950s

1 250 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 53.5

Height : 50

Depth : 26.5

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Three-panel fire screen, the brass frame with a shaped silhouette enclosing a mesh panel, the side wings pivoting to fit the hearth. The curved line softens the object's presence. French work of the 1950s. As protective as it is decorative, it stands out to elegantly assert the fireside.
