Three-panel Brass And Mesh Fire Screen, Shaped Form, 1950s

1 250 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 60

Height : 52.5

Depth : 28

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Three-panel fire screen, the brass frame with a shaped silhouette drawing a curved upper line and enclosing a mesh panel. The sinuous outline softens the object's presence before the hearth. French work of the 1950s. As protective as it is decorative, it stands out to elegantly assert the fireside.
