1 150 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 61.5

Height : 45.5

Depth : 22.5

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Three-panel folding fire screen, the gilt brass frame enclosing a mesh panel, the side wings folding to fit the hearth. A classic, versatile model protecting against flying sparks. French work of the 1950s. As protective as it is decorative, it stands out to elegantly assert the fireside.
