Description

An elegant 18-karat gold (750) necklace, composed of a series of finely articulated round links, lending the piece both flexibility and brilliance.Its originality lies in its rod-and-ring clasp, which sits at the front of the necklace as a decorative element in its own right. The rod is delicately embellished with small white pearls, adding a touch of softness and refinement to this piece.A piece of jewelry with a minimalist design, where the clasp becomes the signature detail.DetailsMetal: 750-th yellow goldDesign: chain with articulated round linksClasp: rod and ringOrnament: small white pearlsWeight: 13.7 gLength: 50 cmOur TakeWe particularly love its clasp, which--far from being hidden--becomes the focal point of the piece.
