1 950 EUR

Period : 20th century

Condition : Bon état

Material : Bronze

Width : 72.5

Height : 65

Depth : 22.5

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Louis XV style gilt bronze fire screen, the shaped frame with rocaille decor of shells and asymmetrical scrolls enclosing a mesh panel. The openwork crest gracefully crowns the whole. French work circa 1950 in the 18th-century tradition, perfect for a classical interior. As protective as it is decorative, it stands out to elegantly assert the fireside.
