Four-panel Brass And Mesh Fire Screen, French Work, 1950s

1 350 EUR

Period : 20th century

Condition : Bon état

Material : Brass

Width : 62.5

Height : 40

Depth : 22

Description

Here is a piece that combines function with a striking graphic presence before the fireplace. Four-panel folding fire screen, the gilt brass frame enclosing a fine protective mesh. The folding form fits the fireplace opening and folds away easily. A classic French work of the 1950s, combining protective function with elegant restraint. As protective as it is decorative, it stands out to elegantly assert the fireside.
