Description

Here is a piece whose silhouette stands with poise before the fire. Wrought iron fireplace companion set, the central shaft animated with a naturalistic decor of oak leaves, branches and acorns, holding the full set of tools (tongs, shovel, poker, brush). The base unfolds into foliate scrolls for support. Fine French ironwork of the 1950s, in the taste of Gilbert Poillerat, where structural rigour meets the exuberance of foliate ornament. A complete, refined piece to accompany the hearth day to day.
