19th Century. Tuareg Dagger

120 EUR

Period : 19th century

Condition : Très bon état

Material : Horn

Length : 36 cm

Description

The weapons of the peoples of the Sahara are very diverse and, as seen here, can be surprising in their ornamentation. Indeed, while the motifs running along the entire length of the scabbard are perfectly classic of Tuareg culture, the guard and the finish of the scabbard tip could almost evoke Asia with their serrated and fluid, almost sinuous patterns. Meticulously crafted, this could very well be a weapon from the mid-19th century. There is a small crack in a horn inlay on the handle; otherwise, it is in very good condition and has never been cleaned.
