Description

Elegant contemporary reinterpretation of a great jewelry classic, this "Toi et Moi" ring is inspired by ancient models that have stood the test of time without ever losing their seductive power.Its asymmetrical motif features two generously sized stones of character: a remarkable sapphire with an intense, sustained cornflower-blue color, displaying beautiful crystallization, and an old-cut diamond with a subtle natural yellow color.The two main stones are linked by an elegant swirling movement highlighted by old-cut diamonds set on white gold scrolls, giving the whole a great visual lightness while accentuating the Belle Époque spirit of this model.The setting harmoniously combines 750/°° yellow and white gold (18 KT, eagle head hallmark). The main diamond is highlighted by a yellow gold setting
