Ernest Eschwège - Silver Pepper Mill

200 EUR

Period : 20th century

Condition : Très bon état

Material : Sterling silver

Diameter : 4.9 cm

Height : 8.9 cm

Description

Pepper mill consisting of a wooden frame covered in solid silver.It is carved and decorated at the top and bottom with gadroons.It was crafted by silversmith Ernest ESCHWEGE, who worked in Paris beginning in 1921, and is equipped with a Peugeot steel mechanism.Note that the wooden part protects the structure and ensures the peppercorns slide smoothly.There is a slight indentation on the upper part of the body and a slight bump at the bottom of the pepper mill.Engraved beneath the grinder are "Peugeot France" and "Peugeot Frères Lion."Note also that the tightening knob and the central shaft are made of steel.Very good condition.The grinder is in perfect working order.French craftsmanship from the early 20th century, Minerve hallmark.Dimensions -Weight of the mill : 132
