Description

This charming 19th-century birdcage, designed for a parrot, is crafted from iron and wood, embodying the essence of folk art decoration. All wooden surfaces are protected by metal sheeting to prevent damage from the bird's beak, ensuring durability and functionality. The original paint has been preserved, adding to the authentic character and aesthetic appeal of the piece.Such birdcages were not only functional but also served as decorative objects in the homes of the time, reflecting the owner's appreciation for both craftsmanship and the beauty of nature. The combination of materials and design demonstrates a practical yet artistic approach, typical of 19th-century folk art. o Period: 19th century

- o Materials: Iron and wood with original paint
- o Details: Wooden surfaces protected by metal
