Description

It is difficult to determine the origin of such pieces as the manufacturing guns are common to many peoples and many periods. I think, however, of a sub-Saharan origin, Mali or Mauritania, with this incised decoration reminiscent of basketry. They are in terra cotta a bit sandy, one of it seems to have been restored to the collar, perhaps a native restoration and are not sound. 11 X 16 cm for one, 13 X 15 cm for the other.
