Description

Important oil on canvas of the second half of the nineteenth century, in a beautiful golden frame with canals and palmettes, representing a scene of winter games!

signed Eutrope Bourgeron.

two children are eating snow-capped apples in a winter landscape as they are watched by a little boy behind a fence.

the rendering of the winter landscape is superb, with the vegetation bleached and petrified by the cold.

the snow is superbly rendered in the colors and the sky reveals hints of winter twilight.

scene very funny, even charming, made with a lot of tenderness and a certain nostalgia emerges from these games of winter.

original canvas.
