Price : 900 €

Period : 19th century

Condition : Très bon état

Material : Bronze

Height : 58 cm

<https://www.proantic.comdisplay.php?id=324373>

Description

Pair of patinated bronze candelabra most likely executed after a model of Ferdinand Barbedienne. It is under the Second Empire that this type of object knows a real success. We can appreciate here the eclecticism of the decor combining motifs with the ancient neo-Greek (palmettes, claw feet) and motifs inspired by the Middle Ages and the Renaissance: chimeras, fantastic animal heads ... Very good condition.
