### Description

Beautiful embroidery representing a multicolored bouquet, a multitude of different flowers in a vase standing on a flowered terrace. The colors remained very cool in mainly brown, red, green, beige, pale pink tones. The set is embroidered on ivory silk. The also embroidered vase has an oval medallion in which are inscribed the initials: AA on a background painted with blue gouache on the perimeter. Very nice key frame of the same period in walnut with a marquetry of 3 filets of lemon tree. The glass could be changed. Note: 2 small halos on the silk at the bottom right visible in the photos, a nice set though. Dimensions at sight: 36 X 28 cm.

Amount of the delivery to be studied later.
