Description

Body wrought of a broad molding in throat, surmounted by a torus. Half-sphere bottom, embellished with a seed. Assembled by fine soldering in wolf teeth. Tripod base of slender lion legs, supporting dito heads. We can appreciate inside the hammering work, which was, on the outside, removed by a perfect planing. Height: 20 cm. Diameter at the height: 20 cm. Period early nineteenth century. Very beautiful state. Free shipping by COLISSIMO for metropolitan France.
