<https://www.proantic.comdisplay.php?id=414380>

Description

Oddities Object of entomology: 3 kinds of butterflies enclosed in frame with golden sticks and domed glass.

Condition: the frame is in very good condition apart from a small lack of gilding. The glass is in very good condition too.

For butterflies:

- the top one: missing the abdomen.
- the middle one: missing the abdomen and it was replaced at the time of the frame by a piece simulating the missing part.
- the bottom one: same remarks as for the middle one.

THE PHOTOS ARE PART OF THE DESCRIPTIVE.

Period: circa 1960.
