Description

On a background of blue sky with trees, slightly cloudy and shady trees, very elegant portrait of a gracious girl from the time Louis XV, wearing a blue pleated dress. Her hairstyle is embellished with fine flowers, some of which are held by a jewel with a pearl rimmed drop falling on the top of the forehead. With her hands she holds a string of other fine flowers that she presents with great freshness to the eyes. The neckline of her dress and the bottom of her sleeves are surrounded by delicate lace. Oval portrait of the Louis XV period well framed in full harmony with the subject of the painting. The frame of carved wood and gilded stucco shows the spandrels preceded shells and followed by light flowers and acanthus. At the corners and surrounding the portrait 4 fine bouquets of roses.
