### Description

Forged body with protruding beak and holding. Chamfered bottom. Long trilobed platinum socket riveted. Originally, these pans were sold without wooden handle, which most users hurry to add, for practical reasons. Like jam pans, sugar pans are never tinned indoors. Diameter: 14-12 cm. Length: 41-35 cm. 19th century. Very beautiful state. Free shipping by COLISSIMO for metropolitan France.
