Description

Gustav BROCK Sailors in the Arsenal Gouache signed lower right 34.5 x 43 cm. Good condition. Well framed. Danish painter of the XIXth century died quite young. Le Benezit tells us about him that he integrated the fine arts in 1868 until 1871. He left for a few years and on his return to Copenhagen, he was appointed Armoirist painter. He undertook an important work "the Danish uniforms of the army and the navy", the order of 36 works had just been completed when this one died suddenly. This work is probably one of the gouaches of this order. Works of him are preserved in museums, in particular that of the royal navy of Copenhagen. A pendant to this is offered for sale, the two works cannot be sold separately.
