Description

Hugo GOLLI dit VALLIN is a painter of Italian origin born in 1921. He paints very carefully views of Venice which he specializes in. Excellent colorist and luminist, he gives us with this painting an animated view of the Doge's Palace and the Giudecca canal. The Saint-Marc and Saint-Théodore columns majestically mark the entrance to Saint-Marc square. The reflections of the sky, clouds tinged with roses and facades on the water of the canal testify to great mastery. The table is highlighted by a magnificent "Louis XIV" style frame in wood and gilded stucco with gold leaf decorated with floral arabesques and spandrels. Its dimensions with the frame are 53.5 cm X 67.5 cm.
