Description

Porcelain biscuit pair of vases, polychromatic painting, gilding, enameled painting. French origin, second part of the XIXth century. Height 24cm, width 20cm.

On the whole the vases are in a very good condition (there is a small shard on the bottom that can be seen on the picture, and cracks almost impossible to see on the upper curve of one of the vases can be seen on the picture)

The pattern and the enameled cabochons condition is excellent.
