### Description

Autograph letter signed (n.p.n.d.) 2p. in-8 °.

Header engraved with his initials.

"... I believe however that I do not deserve this praise and that the contrast of the simplicity and the clarity that I seek with the current literary mannerism is the principal cause of the benevolent opinion which you express to me on myself .

Please ask me if I like the Greeks and the Latins.

Yes - because they are our fathers and I also love our classics who knew their language.

This does not prevent me from admiring a lot, some modern ones. I am very happy to send you the volumes that I have on hand... "
