<https://www.proantic.com/en/796525-directoire-screen-in-mahogany-late-18th-or-early-19th-century.html>

Description

Elegant screen in solid mahogany varnished with a buffer, the leaves arched in a basket handle, the upper part lined with a bevelled window, the bottom of a silk with lines of cream color.

Directoire style, late 18th or early 19th century.
Beautiful quality of cabinetry, particularly at the level of the system of movable hinges in mahogany and brass which allow a movement in both directions. Width: 3 * 54cm = about 165cm
Height: 183cm
