Description

Here is a miraculous object: its designer has already disappeared for thousands of years, I thought of this falcon for part of the night: "this delicate little sculpted object, intact since, pffffff, I dare not say it, taunts us in mid-flight while we: you or me, sometimes imbued with our self-sufficiency, we flit around until the age of 95 for some. But he, very little, he contemplates in his hovering flight our ephemeral agitation

Well I stop, if you want to see this jade - nephrite, Hongshan and many other wonders among a cascade of novelties, hunted by mountains and valleys, you will have to go to the FAIR OF CHATOU, from September 24 to October 3. We are expecting you at 21 allée VOIE FERREE (easy, it's at the bottom) and we will gladly reimburse you for your entry ticket when you buy
