<https://www.proantic.comdisplay.php?id=839156>

Description

Beautiful large skimming spoon, elongated thick brass shell with hemmed edge, fit with a turned wood handle, finished with a suspension ring, wrought iron frame with three iron rivets, it allowed professional skimming for large containers. The re-piercing, superb and very regular, flawless, adds to its elegance.

This tool was used but is still in good condition, I note: a ferrule is missing from the handle, which is a little chipped. see our photos.

Dimensions = 50cm and 22cm and 8cm,

Condition: rather excellent for the brass part, but less for the handle

see our detailed photos,
