### Description

Superb sculpture in polychrome and gilded wood representing the Madonna suffering under the cross of Christ. Hispano-Flemish master.- 17th century. Measures Height 43cm Width 32cm Depth 18. The extraordinary state of conservation allows you to fully enjoy the sculptural and pictorial quality. It should be placed in the best Spanish production of the seventeenth century with the typical bright colors and the elegant gold finishes that characterized the Iberian art of the sixteenth and seventeenth centuries. The Flemish influence that permeates Europe in this magnificent historical and artistic period is notable. FIMA CINOA certificate of authenticity. Tracked and insured shipping with professional anti-shock packaging. Delivery throughout France and MEC countries within 3 days of bank
