### Description

Very nice set of Four Large Signed oils on canvas  
(difficult to read on two canvases) 113 x 67  
XVIII-

Il pourrait s'agir de l'illustration des cinq sens :  
le toucher, la vue, l'ouïe, le gout et l'odorat ( manque la cinquième toile )  
Il pourrait s'agir de l'illustration des cinq sens : le toucher, la vue,

I was seduced by these arched views offering  
bucolic landscapes or even lake landscapes for  
some; in a fine palette of primary colors -

A beautiful escape in a still preserved world -

Interesting fresco of the relationship of man with nature -

Until the 17th few artists painted landscapes, we had to wait for Titian, Giorgione -

The artist attaches himself by well studied perspectives to take us into this landscape -

In each of the paintings a river starts from the left to lead us towards the line of flight, the same goes for the architectures always placed on the right except for one -

- Original canvas - Fresh colors and beautiful contrasts -
