Description

DUBÉ - The doctor of the poor, who teaches the means of curing the sick with remedies that are easy to find in the country, and to be prepared inexpensively by all kinds of people. Followed by The surgeon of the poor who teaches the way to cure external diseases by remedies easy to find & prepare, in favor of those who are far from the cities. Paris, Chez Edmé Couterot, 1683; in-12, epistle, opinion, apology, table, 432 + epistle and opinion + 101 pp., contemporary full calfskin binding, spine decorated with 5 raised bands, marbled edges, lower cap. damaged. This work contains a period pious image representing Saint Dominic with a reflection on the love of poverty and a prayer to the poor.
