1 800 EUR

Period : 19th century

Condition : Bon état

Width : 45cm

Height : 30cm

Description

Dramatic small stormy landscape. Characters from behind, riding on horseback, under a threatening dark sky, with a powerful romantic effect. The thick and supple paste follows and underlines the movements of the brush in the manner of Georges Michel. The color palette is very reminiscent of that important painter, precursor of impressionism. Down right trace of monogram GM?
