

## Marine Painting XIXth Boat On The Strike

680 EUR

Signature : SEAMOIS ?

Period : 19th century

Condition : Très bon état

Width : cadre 41cm vue 30cm

Height : cadre 34cm vue 23cm

### Description

Pretty little oil painting on panel from the 19th century. It represents in the foreground a few people on the shore taking care of the maintenance of the boats, on the background of the village in the background. Very nice rendering of the sea and the sky, we guess on the horizon sailboats offshore. Painting in very good condition, testimony to the work of sailors of the time, presented in a wooden frame and posterior gilded stucco.
