Child's High Chair - Late Nineteenth

900 EUR

Period : 19th century

Condition : Très bon état

Width : 38 cm

Height : 86 cm

Depth : 38 cm

Description

In solid cherry wood, this high chair has a high curved crosspiece leading to two slightly narrower bars. The armrests, with movement, protrude from the straw seat, in perfect condition. The long legs, concave in shape, widening towards the bottom, are connected to each other by several bars on each side, of which that of the lower part shows slight wear. A wooden high chair with a rustic and authentic style.

****

Period: Late 19th century

Very good condition, waxed finish.
