

## Bembe Statue From Congo - Africa

850 EUR

Period : 20th century

Condition : état d'usage, restaurations

Height : 13,5 cm

### Description

Bembe statuette from the Congo, presenting a standing ancestor, a rifle in his hand. Its belly features large scarifications in relief. His eyes are inlaid with ceramic. This sculpture, with a magical and religious function, protected its owner from accidents and illnesses. The right arm and the base of the object are formerly resculpted. Early 20th century.
