Description

Cast iron subject with brown patina, resting on a Portor marble base. It represents a greyhound in a game situation. This slender, very muscular dog, with long thin legs and a supple body, firmly holds a stick that it has just caught between its fangs. He turns his head in order, certainly, to meet the approving gaze of his master with whom we imagine him playing. Faithful reproduction, as much in the capture of the movement as in the physiology of the animal, this work has incontestably "the dog". ******** Period: Late 19th century. Excellent condition. Shipping possible by Colissimo with careful packaging and appropriate protection. Maximum dimensions: Height: 28 cm Length: 43.5 cm Width: 13 cm Weight: 5.77 kg Ref: 670 T
