Description

beautiful Chinese wooden screen belonging to the 20th century The screen is entirely made of dark lacquered wood, composed of 4 modular panels as desired. of mother-of-pearl and ivory The screen is supported by 8 rectangular feet, two feet for each panel, in order to to give more stability and grace to the product. framing and filling in and emphasizing in some way the central drawing. The central painting represents a serene scene, in which there are two birds, which plow the very elegant colors, Around them rise flowers, a tree of white flowers, very beautiful and elegant. Each floral detail is decorated, a marvel without equal. The motif is surrounded by a red and green floral frame, which borders and enriches it. The pattern has been entirely made by hand thanks to details carved directly into the

wood, which shows the great skill of the person who decorated it. On the back, on the other hand, there are decorations in the shape of painted flowers, very discreet but elegant. Each panel is connected to the other by a hinge which allows rapid movement. This room divider is ideal for spaces that need to be showcased, it is definitely a piece of unparalleled wonder that needs to be showcased
